BACKGROUND INFORMATION

Self-Determination Program

On July 1, 2021, the Self-Determination Program officially became an option for all individuals eligible for Regional Center services under the Lanterman Act. California's Self-Determination Program is a voluntary regional center program that provides participants with an individual budget, which they use to purchase the services/activities/items and the care/support they need to carry out and achieve their person-centered plan (PCP) and Individual Program Plan (IPP). Self-Determination means more choice, independence, freedom and control for participants and their families.

Local Volunteer Advisory Committees

Self-Determination Program Local Volunteer Advisory Committees (SDP LVAC's) were established by law to provide oversight of the Self-Determination Program and make recommendations for improvement to each local regional center and the Department of Developmental Services (DDS).

Periodically, funds are granted by the DDS to the SDP LVAC's and Regional Centers to support the implementation of the SDP.

PROJECT OVERVIEW AND SCOPE OF WORK

The WRC SDP LVAC recognizes that a critical piece of increasing SDP enrollment and successful participation is building community awareness of the program and

providing resources for successful participation. To achieve this, the WRC SDP LVAC is seeking proposals to plan, coordinate, market, and host an SDP Resource Fair in 2026.

The resource fair shall include the following features:

- Speakers and panels
- Break-out sessions on a variety of topics including person-centered planning, individual budgets, spending plan development, finding and choosing service providers, understanding financial management services, and laws and regulations
- Entertainment (games, raffles, etc.)
- Booths for SDP participants with micro-enterprises
- Demonstrations of participating in the person-centered planning process, developing a spending plan, and other key steps in SDP enrollment and participation
- Workshops that result in tangible outcomes such as one-page person-centered profiles
- Testimonials from SDP participants and their support networks
- Plain language informational materials such as one page resource guides on different steps of SDP enrollment

Additionally, the proposer will coordinate a “pre-fair mixer” for families and individuals with panels including current SDP participants to learn about how to find an independent facilitator that meets their unique needs, understand the different FMS models and what questions to ask when finding one, and how to work with their regional center team.

The proposer will focus on content and activities that support and encourage participation in the fair from underrepresented groups within the SDP community.
